

QUIETRIDE
BY SOFTRIDE, INC.

TIGHTENING Ball Mount Lock

The Ultimate in Towing!

Corner "Wedge" tightening eliminates slack
in all directions.

10 second tightening for quick installation

Guarantees "silent" & safe towing

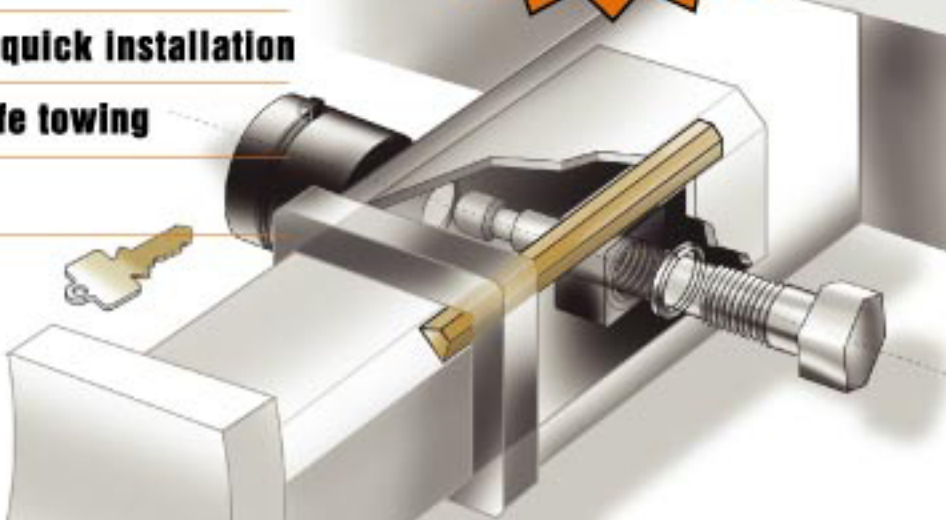

Triple Axis Tightening

Patent # 7,004,491

4IN1

- Ball Mount
- Stainless Steel Hitch Pin
- Hitch Lock and Dust Cover
- Wedge Tightening System

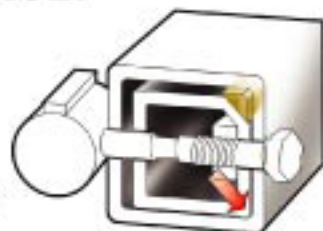

THE DIFFERENCE!

Standard Towing leaves
gaps between the tow
bar and the hitch which
results in...

CLANK!

QuietRide® Towing
Technology with
Patented Wedge Action
eliminates the slack
that causes excessive
drive train wear and
that annoying "clank!"
