

Soft Tonneau Racks

Combine the benefits of a soft tonneau cover and a heavy duty roof rack with the new ProRac STR soft tonneau rack system.

This innovative product greatly increases the storage capacity of your truck by providing an additional level of storage above the tonneau cover.

With its unique design, all of your cargo is easily accessible. Simply roll up the tonneau cover to gain access to the truck bed. No need to remove the rack or its contents.

Features:

- Heavy duty construction
- Easy installation
- Compatible with all ProRac application products
- Crossbars can be easily adjusted or removed
- Upper and lower T-slots for flexible mounting options
- Recreational or industrial use
- Stylish appearance
- Black powder coat finish
- Stainless steel hardware
- 3 Year warranty
- Patent pending
