

POWERGATE™

ELECTRIC TAILGATE LOCK

No-drill installation for most applications!

- Lock your tailgate every time you lock your power doors
- "Do-It-Yourself" friendly
- Plug-and-go wiring harness included
- Stainless steel backing plate and slide bolt
- Nylon guide block
- Optional dash-mounted switch available for vehicles with manual door locks

Lock your tailgate the fast, easy, and convenient way with **Pace Edwards' PowerGate™** electric tailgate lock. Now you can connect the PowerGate™ directly into your power door locks, and instantly lock your tailgate every time you lock your doors. Do-it-yourself friendly installation requires no drilling, and includes Pace Edwards' "plug-and-go" wiring harness. It's fast, smart, and simple. Keep your cargo safe and secure with the PowerGate™ electric tailgate lock.
