ENGINEERED TO BE SUPERIOR:

- New rotating rear-end rail engineered for easier fit and tighter, better looks.
- The TuffTonno gives you a clean, smooth side with its "peel & seal" strip edging and rear rail system.
- New "SpringLock™" bows are easy to install and they'll never fall off...at any speed!
- New improved J45 strip is the world's strongest tarp attachment (see photo above).
- NO drilling, NO damage! Fast install. No tools needed.
- Extang continues its' race heritage with this highly improved TuffTonno. The original TuffTonno set a world speed record at Indy and is now at the Indy Hall of Fame. Race pros choose Extang.
- The industry's best warranty: Lifetime Frame and 10 Year Tarp!

AMERICA'S NO.1 SELLING TRUCK BED COVERS

TUFF TONNO™

Easy fit, smooth edges and tough enough for this...

Don't try this at home! It is for demonstration of the attachment's strength purposes only. Your tarp would stretch beyond repair and will void your warranty!

THE TUFF TONNO™ FEATURES SMOOTH EDGES WITH TARP-TIGHTENING ROTATING REAR RAIL AND SPRING-LOADED BOWS

Unique peel on & off gives your tonneau great looking smooth edges

Easy attachment

Pulling out with one hand while pressing down with the palm of the other hand securely attaches the cover to the tonneau frame.

Tarps designed for strength & good looks

Corners don't buckle up due to parachute grade nylon corner reinforcements. Extang's corners are backed with thick polymer forcing corners and edges to lie smooth.

Corners are triple stitched. Documented cases of 10 year durability means great value.

Quicker installation

TUFFKLAMPS™

Our TUFFKLAMPS™ simply drop into the rail channels (works well with bed liners). Easy on. Clamps tight.

Industry's Best Warranty

www.extang.com

A truck lovers' favorite "truck stop"

Your tailgate easily opens with tonneau installed.

Rotating rear rail allows tarp to tighten snugly

Great Extang Engineering is hard at work here. You simply release the levers on both corners, tilt rear rail up, hook tarp in the rail's groove and click it down. You can feel the "snap" effect and see the tarp tighten snugly.

Spring-loaded Monster Bow ends offer easy install & never fall off

The MONSTER BOWS™ ends are spring loaded for easy installation. They will never fall off at any speed or even with the roughest driving conditions. Simply push and hold on one end and let the other end slide on using the spring action. They are Extang engineered for simplicity, speed of install and everyday convenience and confidence.

Bow height adjustment

Extang's MONSTER BOWS™ quickly spring on and off with no tools. It's fast and easily done with one hand. The TUFFKLAMPS™ allow two bow heights: **HIGH** for maximum water shedding in harsh weather, and for improved gas mileage. **LOW** for sporty good looks and cold weather tonneau attachment.

Protect it!

It cleans, beautifies and protects tonneaus in 1 step! Powerful UV protectant that is formulated precisely for our tonneau material. Tonno Tonic is the only vinyl cleaner & conditioner approved for use on Extang tonneaus.

3 QUICK, EASY STEPS FOR BULK HAULING:

1 Roll up & secure your tarp

Your tarp can be quickly rolled up and secured with strong convenient Velcro® straps allowing you to haul large items.

2 Click out tail rail

New "LEVERLOCK™" corners allow you to attach or remove your tail rail instantly. No tools or screws required. "LEVERLOCK™" corner attachments firmly hold your tail rail in place.

3 Remove your Monster Bows™

Extang's MONSTERBOWS™ have been designed tall and wide making them super strong and are easily removed with one hand.
