

DU-HA[®]

DOWN UNDER-HOLDING APPARATUS

Black P/N // 60051 + 60061
 Dark Gray P/N // 60052 + 60062
 Tan P/N // 60053 + 60063

Installation Instructions for 07-11 Toyota Tundra Double Cab Underseat Storage

NOTE: Images on the right show the factory subwoofer under the rear seat. Not all models have the subwoofer.

Materials Needed:

// Hammer

Installation Instructions:

- 1 Flip up both sides of the rear seat.
- 2 Slide the 3 threaded clips over the square holes in the metal seat support brackets. Make sure the flat side of the clip faces up. Tap in place with a hammer.
- 3 Set the DU-HA under the rear seat and line up the 3 holes in the DU-HA with the 3 holes in the threaded clips on the metal brackets.
(Note: If the DU-HA hits the jack, loosen the jack, turn it 180 degrees, then tighten jack back into place.)
- 4 Screw the 3 included knobs clockwise into each of the 3 clips. Hand tighten until snug.
- 5 Install the black plastic divider so the small notch is facing up and is closer to the driver's side.
- 6 Install the foam organizer/gun racks with the plastic stiffeners by sliding them into the pre-cut slot in the divider and the channel slots inside the DU-HA, making sure the high side of each piece faces towards the front (as shown).

Safety Instructions:

Warning: Seat back must be latched down at all times while vehicle is moving.

Make sure DU-HA is secured in vehicle according to installation instructions.

Do not store explosives or hazardous materials in the DU-HA.

Do not place loaded guns in the DU-HA.

For further instructions refer to truck owners manual or contact DU-HA, Inc.
