DOWN UNDERSEAT-HOLDING APPARATUS

Rear Seat Storage Solutions for  
Chevrolet, GMC, Ford, Dodge & Nissan Trucks

## What is a DU-HA?

The DU-HA is a storage unit for pickup trucks that also acts as a legal gun case in most states. DU-HA stands for 'down underseat-holding apparatus'. Each DU-HA is custom designed to fit either under or behind the rear seat of most full size pickup trucks, without having to modify the seat in any way.

## What can the DU-HA be used for?

It is designed to keep your truck organized by providing significant storage in the cab. The DU-HA can be used for almost anything, from holding tools and supplies for contractors, to holding guns, ammunition, and game calls for sportsmen. The possibilities are endless.

## How can you get a DU-HA?

Available through your local automotive dealer or distributor. Many hunting and sporting goods retailers also carry the DU-HA line. Visit [www.du-ha.com](http://www.du-ha.com) for a list of retailers and distributors.

## DU-HA Customer Testimonials

"L. Nelson" // Handwritten Letter

*"I received the rear seat organizer for my 2005 Nissan Titan today. I want to tell you how much I appreciate this easily installed common sense product, that the engineers overlooked. I now have all the storage I need. Thank you very much!"*

"M. Alt" // E-mail

*I recently purchased a DU-HA with my 2005 Chevy Silverado pickup. WOW! What a neat idea. All of my jumper cables, tools, golf balls, extra hitches, trailer light accessories, tie downs, etc. Fit in with plenty of room to spare and without all that junk rolling around the backseat. One of the best purchases I have ever made. Thank you!*
